Docket/NDI Number: 2021-37-T

Summary: Application of Kiawah Island Community Association, Incorporated for Class C (Charter) Certificate of Public Convenience and Necessity for Operation of Motor Vehicle Carrier

Dear Ms. Schmieding,

I hope this finds you doing well! This letter is from applicant Anthony Elder, dba Kiawah Island Community Association, who has submitted an application for a Class C Charter Certificate

I am requesting an exemption from Regulation 103-153, specifically dealing with the requirements for markings and identification for the vehicles listed below. Our customers are comprised solely of members of our Property Owners Associations and we are not available for charter to any non-member. Our vehicle can only be booked via our association staff and only by members. On behalf of our membership who desire discretion and prefer anonymity when using our private charter vehicle, I am requesting this exemption. Below please find the two vehicles for which the exemption is being requested. Please let me know if you need any additional information.
